Town of Northumberland
Board of Selectmen
Meeting Minutes - Draft
Date: Monday, Monday April 6, 2026
Place: Town Meeting Room – 10 Station Square
Time: 6:00 P.M.

Board members present: Al Rossetto, Wayne Montgomery, Jim Tierney
Others present: Pete Marshall, Norman Cotter, Deb Miles, Bob Roby, Glenn Cassady, Judy Fox, Jeremy Brann, Shirley Carney, David Auger, Andre Brasseur, George Kenison, Nancy Merrow, Bill Baxley, Michelle Randall, Clair B. Mood, Kevin Deluca, Terri & Reggie Charron, Kathy Wiles, Samantha Marshall, Tara Giles, Dustin Supernois, Debbie Montgomery, Kimberly Thurston, Johnathan Thurston, Megan Adjutant & Kyia, Dean A. Wiles, Owen Leighton, Muriel Leighton, Kathy Frechette, Kyler Kenison, Rebecca St. Cyr - Minute Taker/Transcriber.

Public Hearing

1. **Chairman Opens Public Meeting -** J. Tierney opened the Public Hearing at 6:01 pm
2. **Explanation of Reason for Holding a Special Town Meeting for a Special Warrant Article - Pursuant to RSA 31:5-b**

The motion was already made at the regular Town Meeting. The MS636 had incorrect #'s in it. There was a handout at Town Meeting with the correct numbers. The Special Town Meeting is so that we can correct those numbers according to what the Secretary of State said we had to do.

J. Tierney read the warrant, the Special Town Meeting is scheduled for: April 20, 2026 at 6:00 pm in the Town meeting hall.

Motion to sign the Special Warrant by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

3. **Adjournment of the Public Hearing**

J. Tierney adjourned the Public Hearing at 6:03 pm

Chairman Opens the regular Selectboard Meeting: J. Tierney opened the Selectboard meeting at 6:03 pm

1. **Pledge of Allegiance:** All

2. **Acceptance of Minutes: Monday, March 16, 2026**

Motion to approve the March 16, 2026 minutes by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

Add on: D. Supernois presented paperwork to be signed for reappointments of fire wardens; Andre Brasseur, James Leighton, Dustin Supernois.
2 - new candidates - Chuck DeFosse, Chris Shepard

Motion to sign the paperwork for the fire warden positions by: W. Montgomery
2nd by: A. Rossetto, All in Favor 3-0

3. Department Head Business: Hwy/Water/Sewer

Highway - Glenn Cassady, Road Agent

- We haven't had to plow for 2 weeks. Hopefully, we don't have to tomorrow am.
- Randy has been busy with repairs and maintenance, servicing equipment
- 2 weeks ago, Glenn called to purchase the remainder of the salt in the budget. He purchased approx. 11 loads - $35,000. We now have approx. 13 loads in the shed.
- Started on the winter wood pile, with Randy and Barts help we got 12 cord cut, split, and stacked in the woodshed.
- The John Deer dealer on the skid steer was putting in orders for other municipalities. By placing ours with his large regional order, we got another $2,000 off. We won't see it until July. We purchased for $57,500, the original price was $72,500. We got $15,000 for the old machine.
- Been busy doing cold patch, got a lot done, there is more to do.
- Took Wayne around last week one day, showed him the 5 roads we maintain in Lost Nation. Also showed him the beaver issues with a resident on the Brook Rd. The beaver dam is causing some damage. The resident has sent an email to Michelle regarding what he wants to do about the beavers. They are about to have their babies and won't disturb them right now. The dam is backing up the road, and coming out to the road edge when we get a lot of rain. It's breaching around one side of the dam, which brings in silt and dirt and is causing issues. The resident has been maintaining it all winter. Glenn further discussed what he's been doing to control the height of it. Glenn feels he needs to be made aware if it blows out and washes out our road, which was fixed with FEMA funds. Glenn feels the resident should be sent a letter. M. Randall a letter like this might need to be done by the lawyer. The residents letter said he will be ordering 2 loads of gravel for use in case of damage. Further discussed the matter.

  Motion to draft a letter to send to the resident by: A. Rossetto
  2nd by: W. Montgomery, All in Favor 3-0

  Any of the options he sent to Michelle - will try relocate to another lot, but will need to research. It won't be until July / August, he can try to get them to move on by putting up an electric fence around the trees, may have to look at tearing the dam down to get them to leave on their own. D. Auger asked if it's appropriate to include a certificate of liability insurance? J. Tierney suggested including that into the letter.

  Also took Wayne to Herman Savage Rd, with the culvert damage. Michelle has been in contact with Homeland Security and FEMA, she filed for the extension. There are a lot of procedures: we need to do an engineering study re: what can be done, advertise for an engineering firm. J. Tierney mentioned what Dalton got from FEMA. Glenn discussed the reasons for the delay, when Michelle came on, he got her in contact with Alex Grenier to ask what needs to take place. He said an ad needs to be put in the paper (Chronicle) and/or posted on the website for 3 weeks. Will need to put a bid date out, we were told it's 100% reimbursement from FEMA. We won't know the cost until the engineering is done. Glenn got a quote for a cement culvert, this one firm could handle it all. We would have to find a sub-contractor to dig it out and set the grade.. Wayne commented the problem is the instability at the ends of the culvert. He feels we need to put a priority on this before someone goes into the brook. Discussion continued regarding repairs. Glenn said we could put jersey barriers out to narrow the bridge. K. Wiles asked about signage to warn of narrowing bridge? Glenn said there are cones there.
- Glenn has a vacation request in for 3 consecutive weeks - June 13 - July 06, he needs to use some time. He needs to start using his earned time. J. Tierney asked about the personnel policy, Michelle doesn't think there is any wording about duration of vacation time. Michelle will review the policy.
- Working on dirt roads / potholes and then will be into spring cleanup. W/S has been helping.

D. Montgomery asked when Reid will be back, Glenn said he's coming back on the 27th, but will have some restrictions. Glenn further discussed.

Water/Sewer - Reggie Charron, Supervisor

- A Concern - Jim Weagle was signing all the paperwork for the hill project, as needed and when they needed it. Tammy was doing it before that. J. Tierney said the motions were made for the Chairman to sign with no name. Since we have an administrator now, Reggie suggested discussing with Michelle . We have a kickoff meeting on April 24 at 10:00 am. Jim was always at the meetings and we need someone there. Reggie will let them know when the meetings are, whoever signs has to be on the approval list for the bank, somebody has to be available. They started today working on temporary water, dig safe, signage, etc. They hope to have the temporary water done by the end of the month. Reggie is happy, this is the first winter that we haven't had any issues. The project has done wonders on the system. We were pumping: the wells used to run 71/2 - 8 hours, we are now averaging 5.2 hours. The flows are down - averaging all winter - 8 gallons/min. extra even with the RWP. Down to 164 gallons/day, it's been consistent since July last year. Glenn is happy with the road, drainage was great.
- Working on all the policies that need to be updated. Will start Dept Head meetings to go through them. He's had more time for administrative work. Bart and Keith are doing phenomenal.
- Started reading meters today, we have everyone doing a job instead of fighting fires.
- Working diligently on the LCRR - we got acknowledgement for the work we've done - approx.. $4,600, plus the engineering firm. The State will refund us out of the $60,000 that we got. They are paying our wages while working on that project.
- **Sewer** - we had a very cold weather, things were freezing and having trouble with things running. The flows are low. We are seeing improvements on this side as well .We've done a lot of work and it's showing. We are seeing big results.

  J. Tierney asked about the squares in the road - what are they? Reggie said they are the gate valves, we left them exposed in case we had trouble during the winter.

  K. Wiles - call from Maple St., there is a drain near Leo Frizzell's that isn't working right. Reggie will check with him.

  K. Frechette thought they would fix her lawn in the spring, but understands it won't be until the end of the project. Can they at least smooth out the bumps? Reggie noted that will be some times when they can work on things. Their crew is all coming back except one. She also has a spigot that needs to be fixed, Reggie said they know.

  K. Wiles noted that Kevin came in, he is concerned about fuel costs. Reggie commented that it is a concern.

4. Requested Agenda Matters:

a. **Griffin Donald Kenison Memorial** Committee – Permission for use of the Big ballfield - this is the13th year being done. It will be the weekend of August 9-10.
Motion to sign and approve the request by: W. Montgomery
2nd by: A. Rossetto, All in Favor 3-0

b. **AHEAD** – Samantha Marshall – Neighbor Works Week
Smanatha works for AHEAD, we're nonprofit housing organization, been around like 35 years. We're based out of Littleton, we actually own property here in Groveton, as well 513 other units throughout the north country. We also provide home buyer education counseling, foreclosure prevention services.

We're a Neighbor Works America affiliate, which is a national affiliation that provides technical assistance and grant funding and training support. Yearly they conduct Neighbor Works Week. We usually pick a community or two throughout the areas we serve, Coos, Grafton, and Carroll to do a project within the community. This year we're working with the Tilton Fund, Community Builder Hubs, Tara Giles is here with me tonight to identify projects focusing in the Coos area, identifying Groveton as a location. We would really like to do some improvements around the train, which I think everyone recognizes that it needs improvement.

J. Tierney suggested talking to Jim Weagle and Courtney Perkins because the Town gave $15,000 for work on the train. K. Wiles said the town holds the money until the bids come in and we haven't received any bids to do work on that train, so the money is still in place.

Sam said she talked to Elaine Gray who is with the Garden Group, they are not interested in doing the train, they just want to do the flowers. Sam said we are looking for volunteers, one of their board members works for Eversource we hoping to have 20 - 30 people to help during the 2 weeks, so we have manpower we just need permission and consent to do this.

K. Wiles said there was a concern re: asbestos and lead paint on the train. The asbestos is on the inside of the train and maybe around the boiler. Al said the engine is covered in lead paint. Al would like to be involved with this and has some ideas. Tara Giles asked if the $15,000 can be used in conjunction with AHEAD? Sam said sure. The weeks they do this is the last week of May, first week of June. If we have to do remediation she wasn't sure about the time frame. Al - It's all got to be done through a strict procedure. He asked them to contact him to see what can be done.

Deb Miles - the $15,000 where did that come from? It was from the Conservation Commission. What happened to the money in the GoFundMe page that Courtney started. Deb thinks there is approx. $3,000 in the fund. J. Tierney said they would have to close it and give it to the Town. He asked Michelle to go back to March 2025 and re-read the warrant article to make sure we can mix the money as long as it's going to the train. Check with NHMA.

Nancy said the Beautification Committee no longer exists. J. Tierney said there needs to be a name on the GoFundMe, whoever's name is one it would have to release the money for the project.

K. Frechette asked about not going inside and doing the asbestos later. Sam noted with the work that needs to be done, it would be easier to do inside.

J. Tierney is all for it. He needs to find out about a grant for the bridge that was applied for. Michelle asked about the Kiosks, were they the Towns? J. Tierney discussed, they may have been put up by GREAT, Mom's took them over. The Kiosk can be moved from MOM's back to the park Discussion ensued re: scenic byway, signs and the State of NH possibly charging a yearly charge for the signs. We will need to find out if money is involved. Michelle asked if it had anything to do with being a free wi-fi?

Carney commented that when the bridge is done, she hopes it will be refurbished and not have a lot of lights, etc. all over it. J. Tierney said the intent was to keep it historic, which it can be now since the sewer pipe underneath has been removed. K. Wiles said the original grant was for $1,000,000 she made it to the second round and then we were popped out. She was advised to apply for a 5,000,000 but doesn't believe she did due to her getting done.

c. **Jeremy Brann –** War Memorials
Jeremy - Between the Legion and VFW we've come up with an idea to represent veterans from Desert Storm and Desert Shield through present. To potentially add another war memorial to the monuments. It's no cost to the Town, the Legion Sons and VFW are looking at footing the bill. Theres two courses of action - putting up another granite monument or getting a bronze plaque to put on the back of one of the existing monuments. It depends on cost, we've reached out to Terri, the monument is approx. $30,000, not including the plaque. Jeremy is not sure if we will do names, it could just be thank you for your service so that no one is left out. Looking at Terri, Normandeau, Rock of Ages. We are trying to figure out the best option, if it's too much, we may just go with the bronze plaque. J. Tierney said to let us know before you start.

K. Frechette asked if there is enough room for another monument, Jeremy said there is room for another one. We are just looking for the Boards blessing - the Board agreed it was ok.

d. In The Woods Brewing Company Request Letter
Letter from In the Woods Brewing requesting approval for live music during their business hours. It could be inside or out, the NH Liquor Commissioner has to approve also. J. Tierney recommended contacting the abutters, and reviewing the noise ordinance for a decibel limit.

Michelle said we checked the ordinances, there isn't anything regarding outside noise and decibels. J. Tierney recommended sending letters to abutters within 100' of either side. Their hours aren't late. Michelle asked if you want the Town to send the letters or the owners, yes the Town should send them. J. Tierney said the business owner should cover the mailing expense.

Motion to table the request until the next meeting by: A. Rossetto, 2nd by: W. Montgomery

G. Kenison - isn't there procedures for notifying abutters? J. Tierney said that falls under Planning and Zoning. This may not fall under that. Further discussed the abutters and how far out to go for the letters. C. Mood noted they are only open until 8 or 9 currently but could change their hours of operations in the future. Michelle talked about the noise carrying further than you think. Is there a sound test? Kyler thinks whatever you decide will be a positive move for the Town. We need to slowly integrate into the community, when/if there is a change they should notify the Select Board in writing. This is a good way to slowly integrate. He's not for a social district.

J. Tierney recommended making it all the houses between the business and the funeral home, the houses on the other side and 3-4 houses on Pleasant. Preble St. has quite a few houses as well. D. Montgomery suggested sending the letters certified. K. Wiles commented she has letters sent out certified that haven't been signed for yet. J. Tierney said they will go regular mail, we will see what we get when the letters come back.

B. Baxley asked don't we have a noise ordinance? Kyler said we need to revisit the quiet time ordinance. A better option is to rely on a disorderly ordinance, which encompasses a lot more. He further discuss. Disorderly is the act of disturbing another. The ordinances are ready to go, he doesn't feel there will be an issue with the owners. If they were to sell the property to another person, they have to abide by the same rules. He doesn't want us to lock ourselves into ordinance's that don't make sense for other areas of Town. Michelle - read noise ordinance.

K. Frechette commented that on a weekend shouldn't be an issue, but during the week in the summer there are kids at the pool.

All in Favor 3-0

e. **Energy Committee Streetlight Lease** - D. Auger - from the last meeting Michelle advised that additional warrant article is not allowed at the Special Town Meeting. The Energy Committee asks permission to move forward with a 6 year lease purchase of the LED Streetlights. With an annual payment $20,415 and annual cost savings of $20,558 at the present rates. Affinity has worked with MOC Municipal leasing consultants. The interest rate is 5.39% - first payment April 2027 and the payment last - 2032. The Energy Committee is willing to assist the Town as representatives.

Motion is to authorize the Town Administrator and to enter into an agreement with Affinity LED to convert the Town's existing street lighting to LED under a
municipal lease purchase by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

5. Town Business:

a. Delegation of Authority - 2026 Delegation of Authority for Treasurer - R. St. Cyr, Treasurer, K. Wiles - TC/TC, M. Barney, Deputy TC/TX, M. Randall, Town Admin, R. McMann, Exec Admin Asst and J. Gibson, EMS Director - all signed it.
Motion to sign the Delegation of Authority by: W. Montgomery
2nd by: A. Rossetto, All in Favor 3-0

b. FD Non-Mutual Aid Contract 2026-2027
With Maidstone Fire Dist. 1 - Andre - they have 2 districts - listen
Fee of $3,000 paid to us. They will be charged for every emergency situation. Andress pays us the $3,000. If there is a big truck crash, hazmat situation - we can charge extra for that. A house fire is included in the $3,000. JT asked Andre to make it clearer for next year. Andre noted that calls over there have been covered in the $3,000. G. Kenison asked if it covers our costs. Andre said yes it has in

the past. JT suggested looking at the retaining fee, Andre checked with Stratford and they were not increasing theirs. JT Next year it should be a bit higher.

Motion to sign the contract by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0

c. Andre Brasseur – Fire Dept – PS Trax - At the fire house we have equipment to keep track of some is used regularly, some isn't and some has expiration dates. Recently we've come across some that needs to be replaced. PS Trax is a computer program/app to automate the inventory. After 10 years it has be removed and replaced. This program is a place to keep track of all the information and keep it up to date. There is a yearly fee of $1900. They will go through everything and get it entered. We get notified when something needs to be replaced. There is also a $490.00 start-up fee. J. Tierney asked if it's in the budget, Andre said in the overall budget, yes.

Michelle commented that she heard back from the firetruck grant, our portion would be $213,000 if we are awarded it.

Motion to approve by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0

d. Perambulation Agreement - Money is in the budget, if not done by Dec 2026 the money will need to be held over.

Motion to sign by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0

e. Ambulance Contracts-
Town of Stark - paying EMS - $22, 850.

Motion to sign by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0

Town of Brunswick, VT - paying EMS - $7,517.00

Motion to sign by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0

f. DMV Title/Registration Application - K. Wiles asked the Board to table this item.

g. Hazard Mitigation - Approval letter from DNCR - It's supposed to be done every 5 years, it's very detailed. The plan was sent to all Department Heads, our EMD and Michelle.

Motion to approve and sign DNCR letter and the HM Plan by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

h. Municipal Assessment Data Certificate - from DRA re: the properties in 2025; prices are still going up. Only one property in Town sold below its assessed valuation. All others are above the valuation. We are under assessed based on the demand for housing, we will be redone in 2028. We are in year 3 right now. Al commented after talking to the assessor, the assessments are at 60% of the fair market value, at the 3 year mark they are understated by 40%. The theory is the tax assessed value will go up. There is a correction put in every year by DRA.

Motion to sign the Municipal Assessment Data Certificate by: W. Montgomery
2nd by: A. Rossetto, All in Favor 3-0

i. MS-232 - voted on a Town Meeting, there was an amendment to Charites adding $10,000; the other amendments were wording only.

Motion to sign by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0

j. AVRRDD- Report – Informational - Budget report for 2025. Al is the town representative to the district and the district is probably the best in the state as far as meeting the numerous requirements from both the State and the Feds. They had a surprise inspection by DES and despite their best efforts, they couldn't find anything to complain about.

The landfill has a fund for closure, which is currently slated for 2041. DES raised the amount of money that was required to be put into this fund by $2,000,000 for all landfills. Unfortunately, they never bothered to tell the landfills about it until we found it on page 26 30 or 40 page report, so the districts had to go. And because it wasn't in the budget, had to go for a bond to cover this additional tax. But we covered it and the district is doing OK.
Trash coming in from out of state to Mount Carberry are approximately 6% of the total, the rest of it all comes from within the State of NH. The district is composed of nine towns and the unincorporated

places in Coos County. And it's there for our benefit. These towns get preferential treatment. It's an incredibly well run organization. Al further discussed the revenue and income, and the recycling process. The recycling that comes in is hand sorted.

k. Contract for Services – Stonecipher & Clark - Groveton Wastewater Treatment Plant - $4,250
Motion for the Chairman to sign the contract by: W. Montgomery
2nd by: A. Rossetto, All in Favor 3-0

6. Applications/Permits and Warrants:

a. Non-Res T/S Map/Lot:
101-038-00-00 - New - Sherry and Patrick Ryan - paid the fee - 77 Maple St.
251-014-00-00 - Renewal - fee paid
Motion to sign both of the applications by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

b. **Zoning Permits Map/Lots**:
1. 229-00-00 - 48 Maple St. for a 26'8" x 48" pad; the lot is 50' x 100' premade modular home on a pad, they meet the setbacks.
Motion to sign by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0

2. 229-033-00-00 - Petrie's - for a shed, paid the fee -
Motion to sign by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0

c. Veteran Credit Map/Lot: 240-030-00-00 -
Motion to sign by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0

d. Amusement Center License – American Legion Post #17 - renewal - fee paid
Motion to sign the Amusement Center License for the
American Legion by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0

e. Abatements:
1. 16 Maple St - $931.20 - this was no fault of homeowner, part of hill project
Motion to sign the abatement for $931.20 by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

2. Sewer - 16 Rich St., residential leak didn't go through the system.
Motion to sign the abatement for $1,007.20 by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

3. 47 Church St - $750.00 - The fire line charge didn't get removed prior to the last bill. They don't have a fire line.
Motion to sign the abatement for $750.00 by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

7. **Public Comment:

- N. Merrow asked how close are we to getting the Town website updated. She didn't get anything about the meeting tonight, and the Selectmen haven't been updated. Michelle said if you have signed up for the emails, she's not sure why they are not going out but she could try to sign up again. Michelle and Romy have been trying to work out the bugs. We can see it on our side and it says it's there. She will reach out to the company tomorrow.

  G. Kenison noted that it's helpful to have a link for the Select Board's email when needing to send a message. M. Randall will check on that as well.

- K. Kenison commented that he's new to the Select Board and conversing with the Board. He needs a new car and would like to get the ball rolling. A. Rossetto said it was previously approved and then put on hold when the Dept fell apart. Kyler has had over 100 calls for service, when the cruiser was

out for service he used his own vehicle. He has as a quote for a new one, there is a lot of equipment that we already have. The extras will be for lights, sirens, and the cage. We have $77,532 in the CRF

Motion to approve purchasing the 2nd cruiser by: A. Rossetto
2nd by: W. Montgomery, All in Favor 3-0

- K. Frechette asked about getting the meeting minutes posted. Michelle said we have clarified that the Select Board meeting minutes can be posted w/o all the others. They have been added to the web-site.

8. Announcements:

9. Next Board Meeting Date: April 20, 2026 - Special Town Meeting at 6:00 pm, Selectmen meeting to immediately follow.

10. Non-Public Session: (Pursuant to RSA 91-A:3, II (a)(b)(c):

Motion to go into Non-Public session by: A. Rossetto, 2nd by: W. Montgomery, All in Favor 3-0
Roll Call: J. Tierney - Yes, W. Montgomery - Yes, A. Rossetto - Yes

Into Non-Public session at 8:13 pm

a. Employee Matter - A. Brasseur
b. Personnel Matter - K. Kenison
c. Tax Collector – K. Wiles
d. Personnel Matter - M. Randall
e. Employee Matter -

Motion to come out of Non-Public session by: W. Montgomery,
2nd by: A. Rossetto, All in Favor 3-0

Out of Non-Public session at - 10:51 pm
Into Regular session at - 10:51 pm

Motion to hire a full time police officer by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0

Motion to approve hiring of a new firefighter contingent on background check by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0

Motion to "SEAL" the minutes of **section c** in the Non-Public session for 1 year by: W. Montgomery, 2nd by: A. Rossetto, All in Favor 3-0
Roll Call - J. Tierney - Yes, A. Rossetto - Yes, W. Montgomery - Yes

Discussed having an extra Selectmen meeting to help catch up, will plan on next Monday - April 13, 2026 at 6:00 pm.

11. Adjournment:

Motion to adjourn by: A. Rossetto, 2nd by: J. Tierney, All in Favor 3-0

Meeting adjourned at 10:58 pm

Respectfully submitted,

Rebecca St. Cyr, Minute Taker/Transcriber
